End-to-end Collections & Recovery Management Platform

Digital Collections | Tele-Calling | Omnichannel Communication | Field Operations
| Legal Recovery | Skip Tracing | Analytics | Unified System

Built for Banks · NBFCs · MFIs · ARCs · Financial Institutions · Collection Partners

What is *Collexifi*?

ClearDu's intelligent end-to-end Collections & Recovery Management Platform

10+ Modes | ANY PORTFOLIO SIZE

Collexifi unifies digital collections, tele-calling, field operations, omnichannel communication, legal recovery and analytics into a **single ecosystem**, maximizing recoveries while ensuring complete operational control, compliance and transparency

DIGITAL COLLECTIONS

Omnichannel outreach via RCS, IVR, WhatsApp, VoiceBot, Email & SMS

TELE-CALLING & DIALER

Smart predictive dialer with live monitoring, recording & callbacks

Built for Banks, NBFCs, MFIs, ARCs, Financial Institutions & Collection Partners

FIELD & LEGAL RECOVERY

Legal case triggering, field assignment & settlement automation

ANALYTICS & REPORTING

Real-time dashboards, KPI tracking & BI for leadership

*“Designed to handle portfolios of **any size** - Collexifi automates workflows, enhances agent productivity, and provides leadership with **real-time business intelligence**”*

Collexifi Platform

A single ecosystem spanning the entire recovery lifecycle

Digital Collections

Segmented, automated workflows

Tele-Calling & Dialer

Predictive & progressive dialing

Omnichannel Comms

WhatsApp, SMS, RCS, IVR, Voice Bots

Field Operations

Field allocation, Visit mapping, PTP tracking

Legal Recovery

Triggering Cases, Sending Notice, Outcome mapping

Skip Tracing

Data enrichment from legally available database

Analytics & BI

Real-time performance dashboards

ONE UNIFIED SYSTEM

Every module shares **one data model and one view of the customer** — from portfolio intake through digital collections, tele-calling and field recovery, to legal closure. Leadership gets end-to-end visibility without switching systems.

Advanced Analytics & Business Intelligence

Real-time visibility into collection performance, a representative leadership dashboard

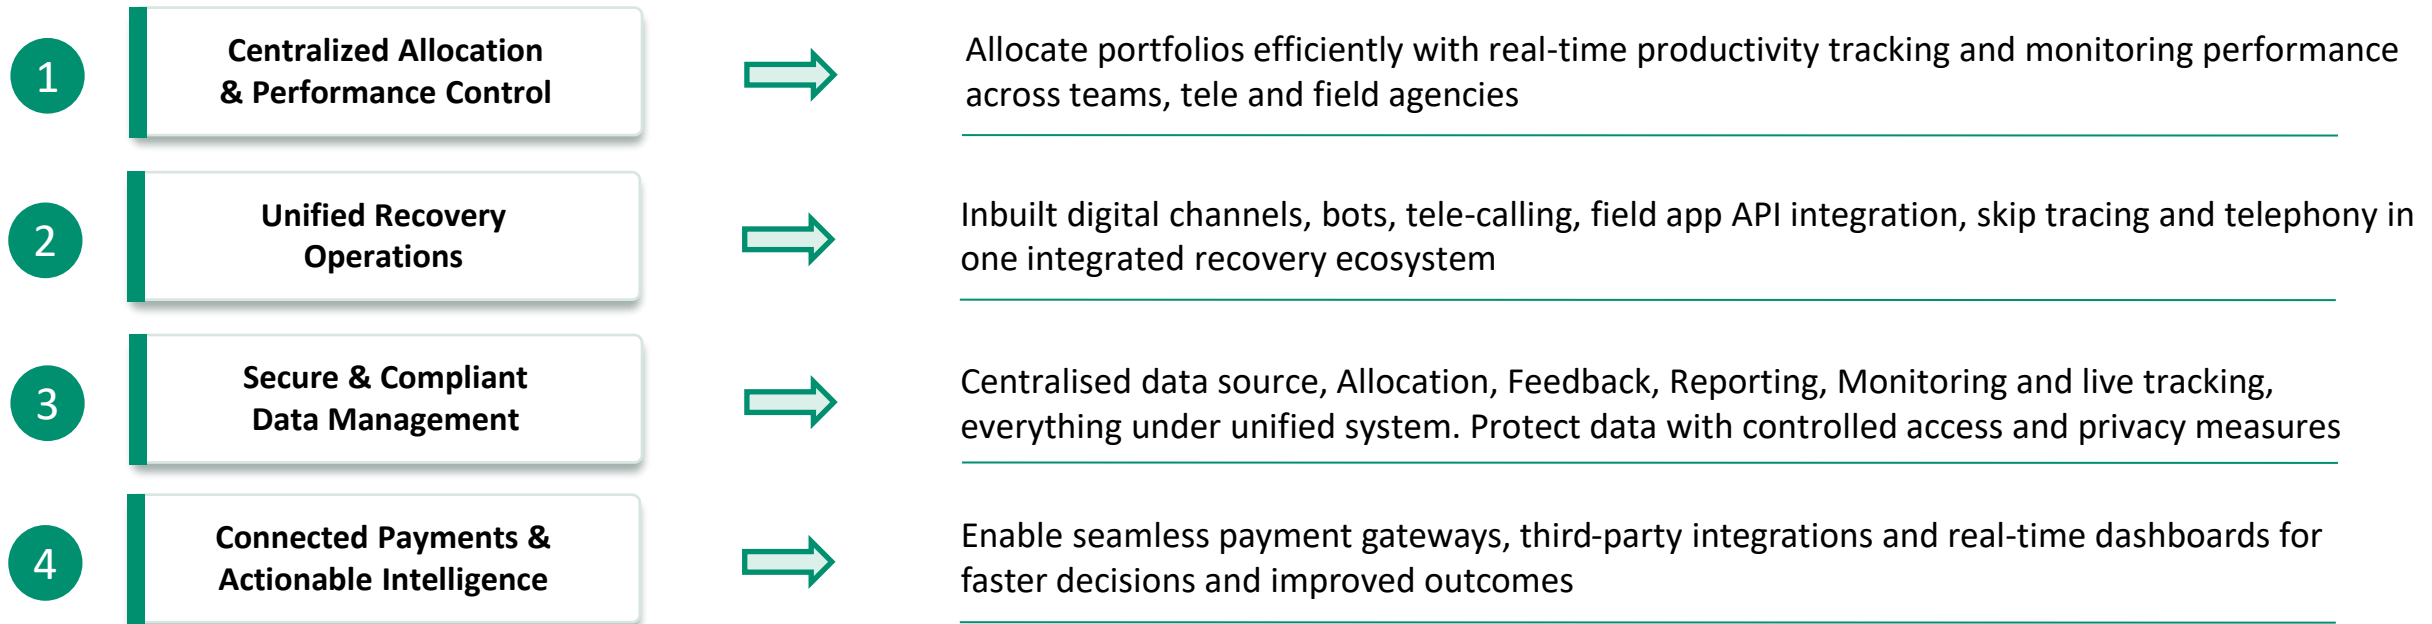

Figures shown are illustrative of Collexifi dashboard outputs

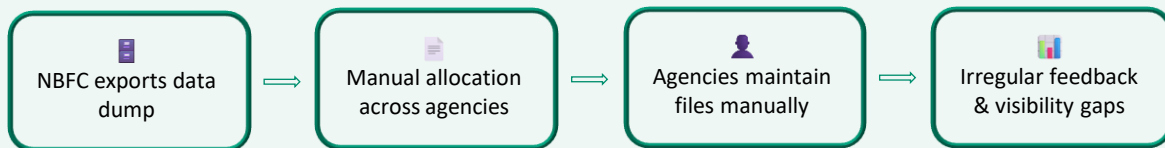

Why Collexifi?

Built to replace fragmented and manual recovery workflows

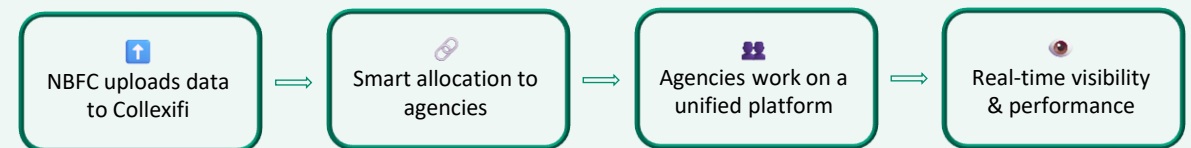

Use Case — NBFC ↔ Agency Allocation

✗ TODAY — DISCONNECTED & MANUAL

Result: ⌚ Time-consuming, ⚠ error-prone, 👁 low visibility and 🚫 no real-time control

✓ WITH COLLEXIFI — ONE CONNECTED PLATFORM

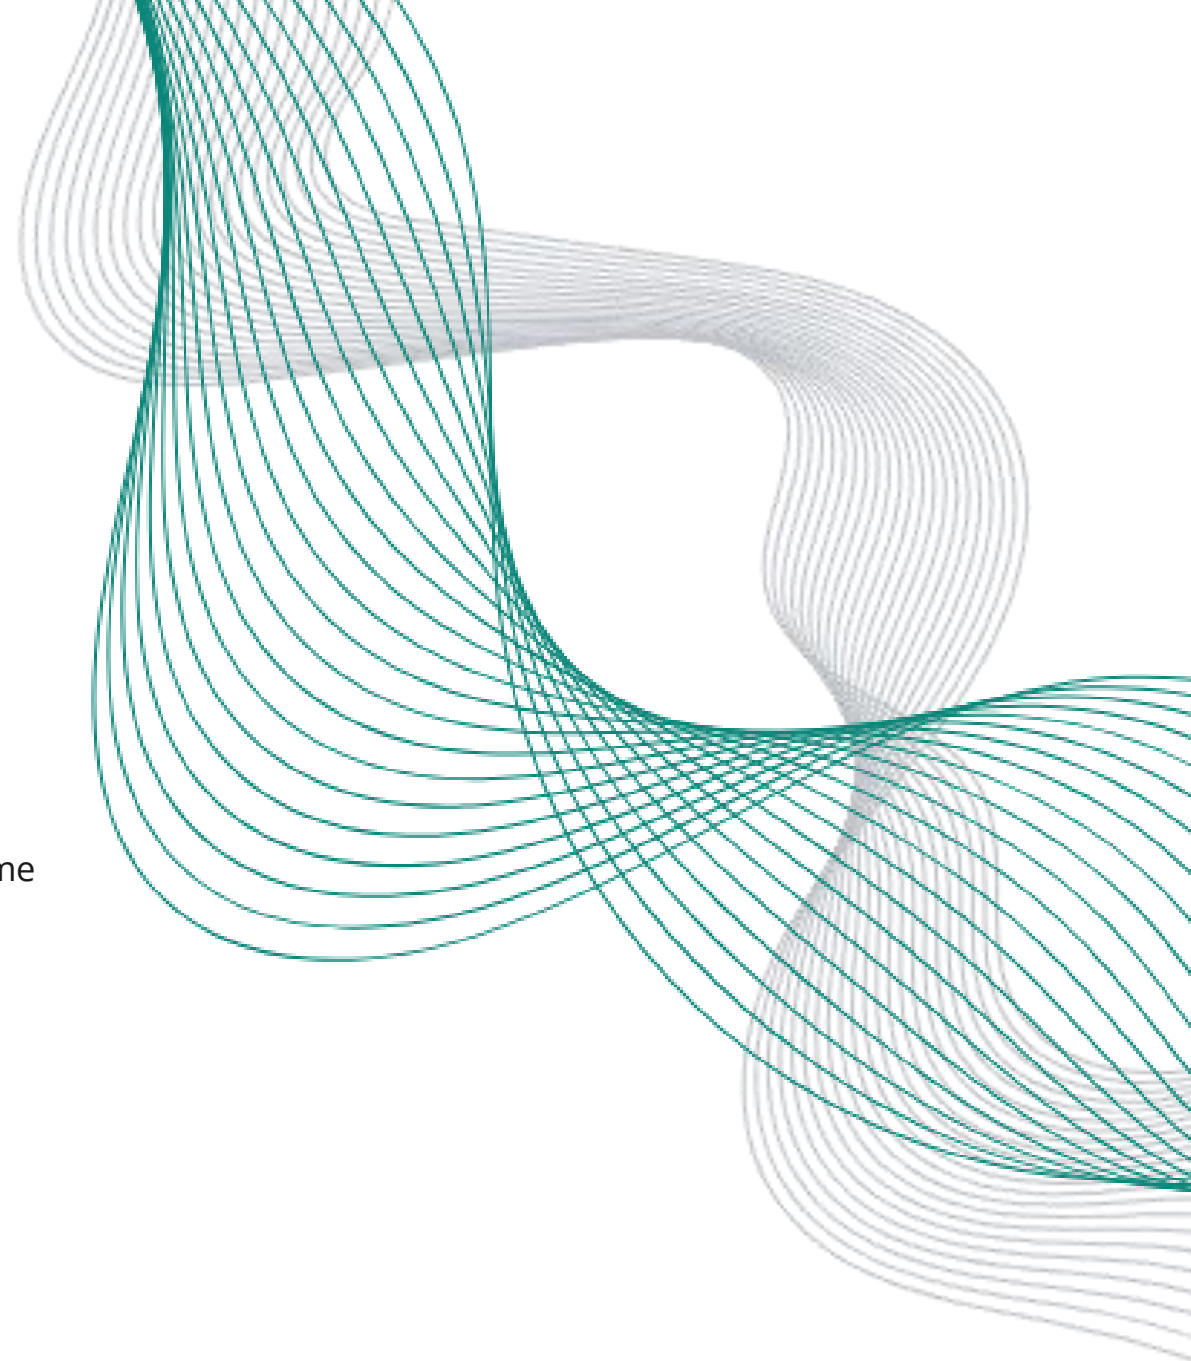

Result: ⚡ Faster allocation, 🎯 accuracy, 📍 real-time tracking and 🔄 end-to-end control

Notice Management Solution

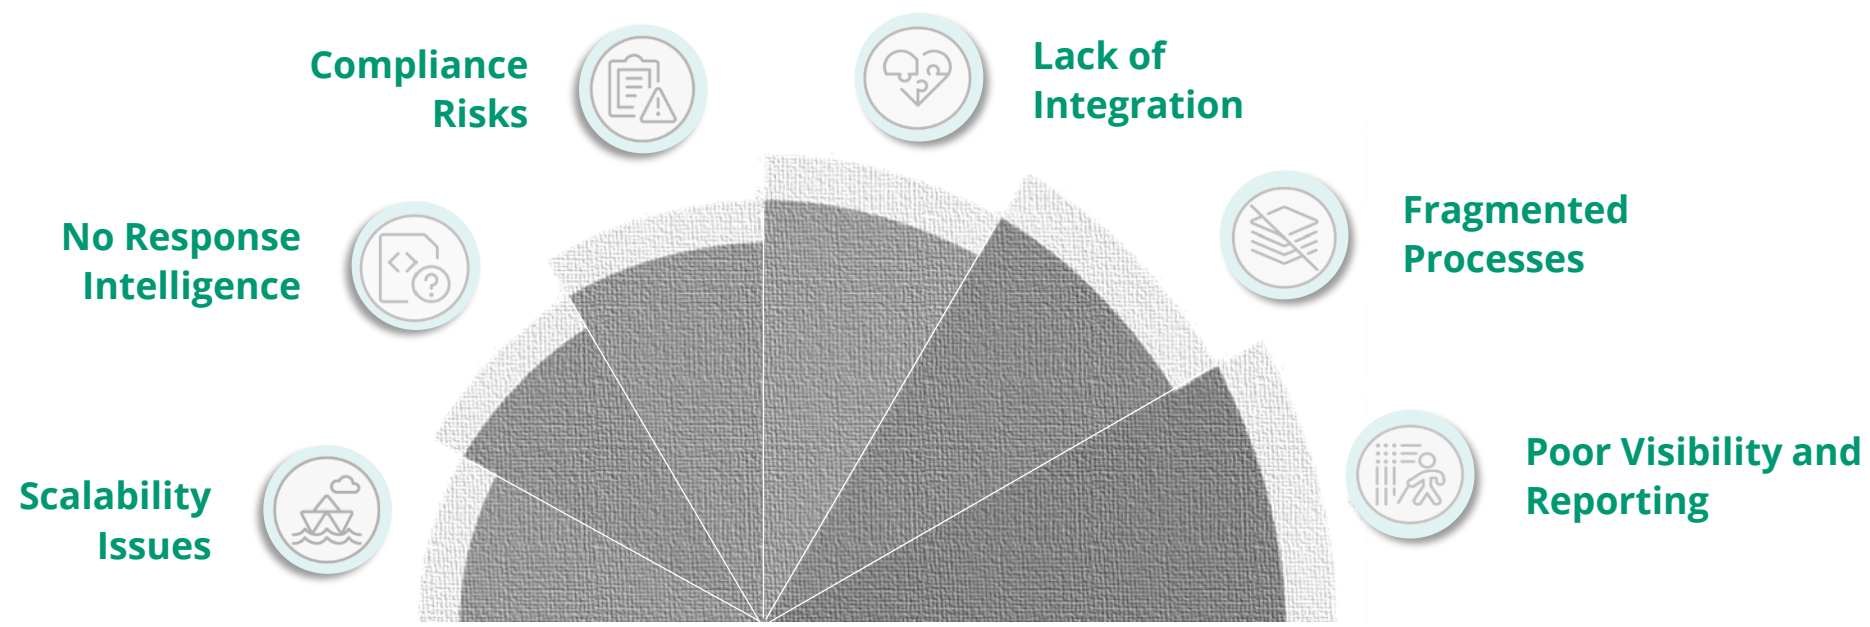

Digital Notices | Physical Notices | Print to Post | India Post Integration | Real Time
Delivery Status | E-court integration | One Unified System

Challenges in Notice Generation

Manual processes and fragmented data create significant bottlenecks in large-scale notice operations

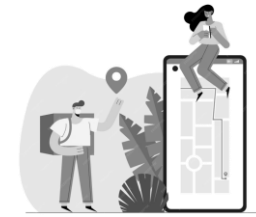

CHALLENGES IN NOTICE GENERATION

How ClearDu Solves the Challenges

An integrated workflow designed to automate every stage of notice cycle

DATA INGESTION

Seamlessly import of data from existing CRM or LMS. Option to upload excel file for ease of use.

DYNAMIC MAPPING

Automatically map data points into legally vetted notice templates

AUTOMATED GENERATION

Generate thousands of personalized notices in minutes using high-speed processing system

COMPLIANCE AUDIT

Ensures all legal compliance requirements with complete audit trail

SMART DISPATCH

Send notices through physical or digital modes with end-to-end tracking capabilities

Why *Notifi X*?

Digitize, automate and track the complete notice lifecycle to improve compliance, and recovery outcomes

END-TO-END AUTOMATION

Automate notice generation, approval, dispatch and status updates.

COST OPTIMIZATION

Reduce end-to-end notice processing expenses while improving delivery efficiency and compliance.

CUSTOMER RESPONSE CAPTURE

Capture payment commitments, disputes and customer responses in a centralized platform.

HIGHER RECOVERY RATE

Enable faster borrower engagement through timely notice delivery and follow-ups.

FASTER TURNAROUND TIME

Generate and dispatch notices in bulk within minutes instead of days.

REGULATORY COMPLIANCE

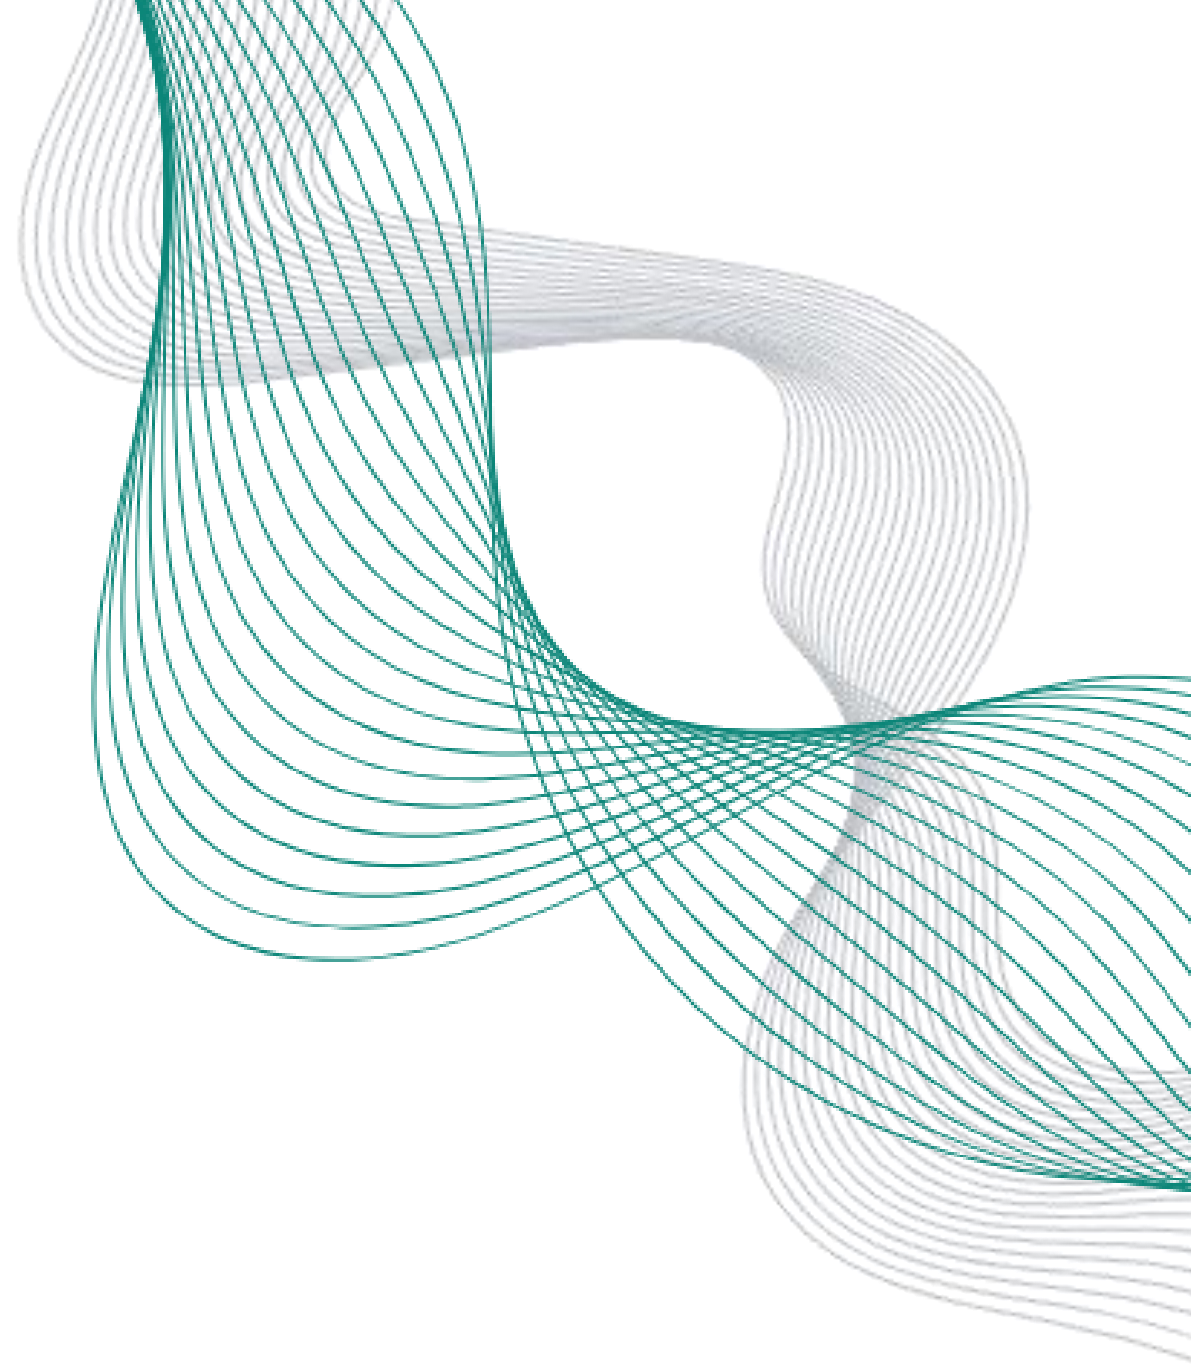

Maintain standardized notice formats, audit trails and complete dispatch records

SARFAESI 360⁺

End-to-end Legal Management System

SARFAESI Module | Digital Notices | Physical Notices | Print to Post |
India Post Integration | E-court Integration | One Unified System

ClearDu – SARFAESI 360

A modern, end-to-end platform built to streamline and digitize the legal recovery process

ClearDu LeMS digitizes and centralizes the legal recovery lifecycle, **enabling banks, NBFCs, HFCs, ARCs and law firms to manage cases from initiation to closure** with automated workflows, compliance controls, and real-time insights

Built For

Banks, NBFCs, HFCs, ARCs, and Lawyers, Valuers and Auction platforms - enabling seamless, **end-to-end management of legal debt resolution**

Platform Core

Combines automation, centralized data management, controls & regulatory alignment into **one seamless platform**

Legal Acts Covered

SARFAESI, DRT, Valuation, Auction - **all in one single place**

Workflows

3-Dimensional workflows between Lender, Executor and Vendor - compliant to data and cyber security standards

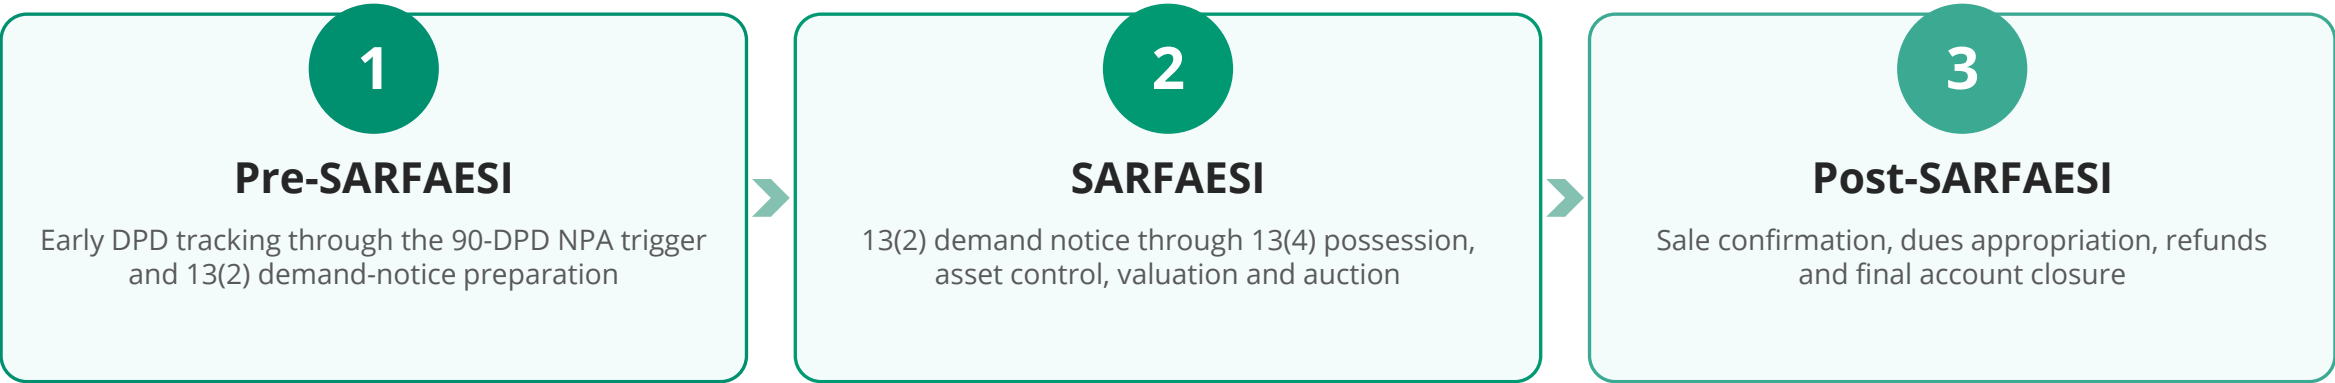

Effective recovery isn't just about chasing debts - it's about **managing the legal process smartly, strategically, and at scale**

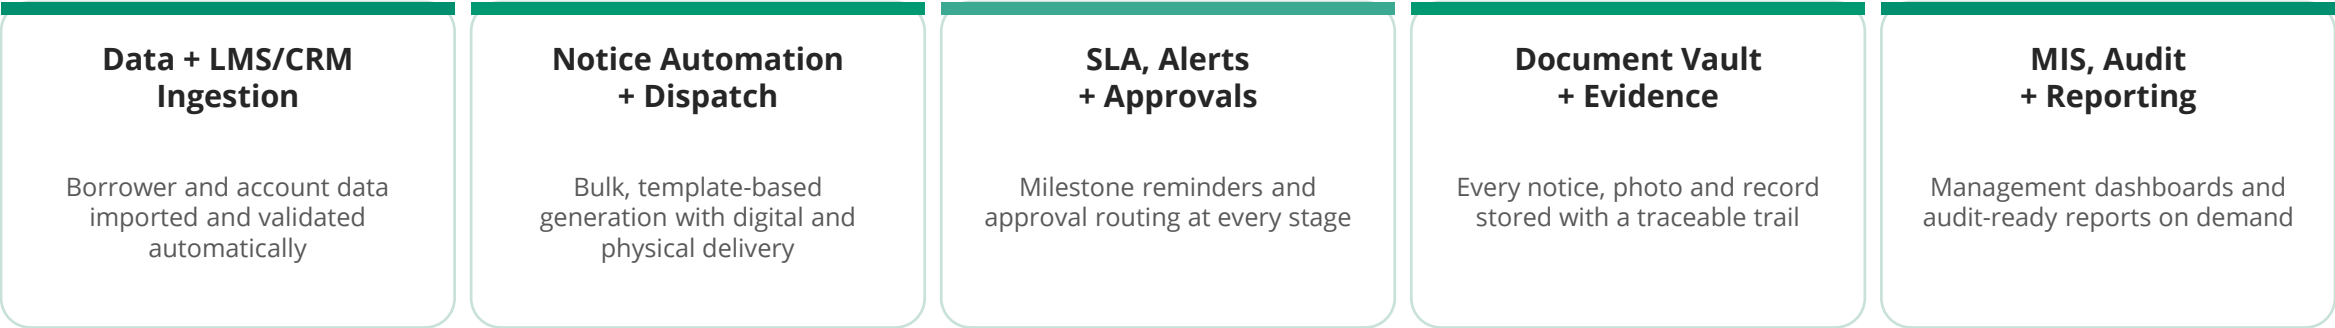

ClearDu LeMS — 3-Phase SARFAESI Operating Model

One system that carries a borrower account from delinquency monitoring all the way to legal closure

One software layer across the entire recovery lifecycle

“One case file per borrower — data, notices, approvals and evidence stay in sync from day one to closure”

Product Highlights

Six pillars that make ClearDu LeMS the definitive platform for legal debt recovery

1

ONE SINGLE PLATFORM

Handles the **entire legal journey of the borrower** from case initiation to closure

2

HIGH-VOLUME CAPABLE

Built to handle **large pools and multiple simultaneous flows** for each borrower

3

FULL SARFAESI ACT COVERAGE

SARFAESI, DRT, Valuation, Auction and Sale everything covered under single platform

4

PERFECT RULE ENGINE

Built-in Approval Matrix ensuring **compliance and process integrity at every step**

5

3-D WORKFLOWS

Seamless **collaboration between Lender, Executor and Vendor** across every legal stage

6

CYBER & DATA COMPLIANT

Fully **compliant with data and cyber security standards**, protecting client data always

Our Clients

Trusted by India's leading banks, NBFCs and financial institutions
